

On the day of your Intro Ride, it may help to be able to receive and send updates with the volunteers running glider operations. We currently communicate this information on smartphones using WhatsApp. To participate, follow the instructions below.

1. Install WhatsApp Messenger on your phone.

Android: either search for "WhatsApp" on the Google Play Store, or [tap this link](#) on your phone.

iPhone: either search for "WhatsApp" on the Apple App Store, or [tap this link](#) on your phone.

2. Open the app and follow its instructions to set it up.

Note: You will not be required to enter an email address or password, just your phone number and name.

3. Join the NCSA Ops Chat Group.

[Tap this link](#) on your phone.

If you are reading this on a computer monitor, you can also scan this QR code with your phone:

4. Use the chat group responsibly.

On the day of your intro ride, it's OK to use the chat group for the following purposes:

- To communicate that you'll be early or late to the airport
- To request to be let into the airport
- To request a golf cart ride to the flight line
- To get clarification on schedule changes or cancellations

The chat group is not meant for small talk or general inquiries, so please make sure your messages are necessary and related to your intro ride.
